

Schedule for the 2018 Spring Spectacular

As the gymnasts arrive they will need to check in at the gymnast check-in table. They will all do a group warm-up and stretch. When the show begins, the gymnasts will march-in and will be introduced. They will go to their first event at which time they will first warm-up and practice their routine. Then, every gymnast will show their routine on that event (all 4 events at a time). Once all of the gymnasts have competed on an event, they will rotate to their next event. The session will be completed with an awards ceremony.
